**made under section 29A of the Water Industry (Scotland) Act 2002**

## **PART 2**

### **WHOLESALE CHARGES**

**for the Supply of Water and Sewerage Services  
for the Fiscal Year 2025-26**

**Effective from  
1 April 2025**

## 1. Scottish Water's Wholesale Charges

### 1.1 Introduction

This is Part 2 of the Charges Scheme for 2025-26 that Scottish Water is required to make under Section 29A of the 2002 Act. This Charges Scheme has been approved by the Water Industry Commission for Scotland as required by Section 29A of the 2002 Act.

This Charges Scheme applies for the financial year 2025-26 to all Water, Sewerage and trade effluent services provided to Licensed Providers at Supply Points registered under the Market Code.

**Part 1 of the Charges Scheme contains the methodology which sets out the detail of how these charges will be applied. This Part 2 must therefore be read in conjunction with Part 1.**

To the extent that this Part 2 of the Charges Scheme is inconsistent with any agreement binding upon Scottish Water, the charges specified in the agreement will prevail subject to any specific allocation of any wholesale/retail element of those charges in terms of Part 1 or Part 2 of this Charges Scheme.

Definitions for terms within this Part 2 are included in Appendix 1 of Part 1. The numbering used for each charges section in this Part 2, mirrors that used in Part 1.

A water re-sale statement, required under Section 30 of the 2002 Act, is set out in Appendix 4 of Part 1. This details the maximum charges for services provided with help of Scottish Water and explains how Licensed Providers' customers should approach water re-sale with their end-user.
