

# Taking care of your water network

## Traffic Management – Road Closure

- To facilitate the removal of the road bridge, a road closure has been applied for **(currently 9th June)**. **Local access to residential properties and farms will be maintained.**
- Early indicative signage will be in place. If approaching from **the West**, at junction with Heathery Wood. If approaching from **the East**, on the road to Mauldslie.
- Traffic management teams will be on site to ensure signage is maintained. **Please be mindful of the reservoir Clearway – access is required for operational use and emergency vehicles.**
- Diversion route via Temple Village, for public and Heavy Good Vehicles.
- Bridge to be removed between June and July 2025. **There will be no alternative public walkway.**
